NOTES TO FINANCIAL STATEMENTS

Note 1 – Summary of Significant Accounting Policies

- a. MML Bay State Life Insurance Company (the Company) recognizes statutory accounting practices prescribed or permitted by the State of Connecticut Insurance Department (the Department) for determining and reporting the financial condition and results of operations of an insurance company. The National Association of Insurance Commissioners (NAIC) Accounting Practices and Procedures Manual (NAIC SAP) has been adopted as a component of prescribed or permitted practices by the Department. The Company has adopted certain procedures that differ from NAIC SAP; however, such deviations are not believed to have a material impact on income, statutory surplus or Risk Based Capital (RBC).
- b. Use of estimates in the preparation of the financial statements – No significant changes
- c. Accounting policy – No significant changes

Note 2 – Accounting Changes and Corrections of Errors

- a. Under statutory accounting principles, corrections of prior year errors are recorded in current year surplus on a pretax basis with any associated tax impact reported through earnings. For the six months ended June 30, 2013, the Company did not record any prior year errors. For the six months ended June 30, 2012, the Company recorded a net increase to surplus of \$1 million related to investment income. Certain prior year amounts within these financial statements have been reclassified to conform to the current year presentation.
- b. Adoption of new accounting standards:
In March 2012, the NAIC issued Statement of Statutory Accounting Principles (SSAP) No. 103, "Accounting for Transfers and Servicing of Financial Assets and Extinguishments of Liabilities," which superseded SSAP No. 91R, "Accounting for Transfers and Servicing of Financial Assets and Extinguishments of Liabilities". The change to SSAP No. 91R incorporates the United States of America (U.S.) generally accepted accounting principles (GAAP) guidance of the Financial Accounting Standards Board (FASB) Statement No. 166, "Accounting for Transfers and Servicing of Financial Assets, an amendment of FASB Statement No. 140," and Accounting Standards Update No. 2011-03, "Transfers and Servicing (Topic 860), Reconsideration of Effective Control for Repurchase Agreements," with modifications to conform the guidance to statutory accounting concepts. These modifications are primarily related to concepts that are not applicable or consistent with statutory accounting (e.g., rejection of U.S. GAAP consideration for consolidated affiliates, references to U.S. GAAP standards, methods, references and guidance not adopted for/applicable to statutory accounting). The Company adopted the guidance prospectively as of January 1, 2013. Adoption of this guidance did not have an impact on the Company's financial statements.

While the Company is not aware of any actions or allegations that should reasonably give rise to a material adverse impact to the Company's financial position or liquidity, the outcome of litigation cannot be foreseen with certainty. It is the opinion of management that the ultimate resolution of these matters will not materially impact the Company's financial position or liquidity. Therefore, the Company believes that it is reasonable to expect that proceedings, regulatory inquiries, examinations and investigations into the insurance and financial services industries will continue for the foreseeable future. Additionally, new industry-wide legislation, rules and regulations could significantly affect the insurance and financial services industries as a whole. It is the opinion of management that the ultimate resolution of these regulatory inquiries, examinations, investigations, legislative and

i. Business risks

Investment and interest rate risks

As interest rates increase, certain securities may experience slower pay-down and prepayment speeds that can extend the expected maturity dates and potentially limit the Company's ability to reinvest the proceeds at a higher rate of interest. Rising interest rates may also decrease the fair value of the investment portfolio. As interest rates decline, certain securities may experience accelerated pay-down and prepayment speeds from what was assumed at purchase. During such periods, the Company is at risk of lower net investment income as it may not be able to reinvest the proceeds at comparable yields. Declining interest rates may also increase the fair value of the investment portfolio.

Credit and other market risks

Housing market trends began to improve in May 2012 and nationally, house prices are up about 12% from their post-crisis lows as increased home demand, and slowing of foreclosure rates and delinquencies improved the supply/demand fundamentals. Significant regional differences in house price performance are likely to continue. The rates of foreclosure resolutions remain low but are improved from their post-crisis bottoms. Liquidity for bonds issued in 2008 and earlier has generally been good. From May 2012 through May 2013, prices improved sharply due to a lack of supply and improved housing market expectations. Profit taking began in mid-May 2013 as loss adjusted yields began to widen from very tight levels. Prices have begun to stabilize, although they are below their peaks from earlier this year.

The Company continues to monitor global, national and local market fundamentals in both its new mortgage origination and the portfolio management functions. First quarter economic growth was reasonably strong in light of slower global growth expectations and the drag from reduced federal spending, and our outlook for 2013 maintains accelerating growth in the latter half of the year as the nation's housing recovery accelerates. The full impact of sequestration will also likely become more evident in the latter half of the year, continuing to threaten consumer and business confidence in the near term. Headwinds from federal spending cuts, uncertainties regarding health care reform and overseas threats add to the air of economic uncertainty. Despite this fluid macro environment, private sector growth engines in housing have engaged.

Note 22 – Events Subsequent

The Company has evaluated subsequent events through August 7, 2013, the date the financial statements were available to be issued, and no events have occurred subsequent to the balance sheet date and before the date of evaluation that would require disclosure.
